Meredith –

I have one question regarding this label amendment process. We have a number of products that fall within the perimeters of the letter but are not actively produced or sold right now. Do you want these done under this tight time schedule or can they wait until October or so?

Thank you for your help with this.

Take care.

Julie

Dear Registrants & Agents:

This is a follow-up to the July 22, 2013 letter from Dr. Steven Bradbury, Director of EPA's Office of Pesticide Programs. Please read the attached letter and note the two additional documents that comprise labeling for your products, as discussed in the letter.

Please acknowledge receipt of this email within 48 hours.

Thank you,

Meredith Laws
